Alcal is a specialty contractor that has successfully operated in multiple states since 1971. We are proud to be part of the Pacific Coast Building Product family of companies founded by Fred Anderson in 1953 as a lumber yard.

We are proud to be chosen to work on a wide range of job sites for local, regional and national contractors. Commercial projects range from the newest high tech headquarters, to universities, hospitals, corporate campuses, sports stadiums and entertainment venues. Residential projects focus on comfort and energy efficiency for custom and tract homebuilders, existing building retrofit projects for government agencies, and energy upgrades for older homes.

Alcal sells and installs the highest quality products in the construction industry. We have strong relationships with leading suppliers and our teams are committed to doing the job right the first time.
